Address: AFP Village Phase 2, Pinagsama, Taguig City, Metro Manila

PROFESSIONAL SUMMARY:

Experienced Full Stack .NET Developer with a demonstrated history of developing scalable web applications using different technologies such as C#.NET, JavaScript, RESTful APIs, ASP.NET MVC, SQL Server, and Azure DevOps Services. Adept at leading development teams and guiding projects from planning to successful deployment. Strong background in Agile Scrum methodologies, with hands-on experience as a Scrum Master, ensuring efficient project management and collaboration. Committed to delivering high-quality software solutions that meet both technical and business requirements.

WORK EXPERIENCE:

- **Full Stack .NET Developer Intern | Willis Towers Watson (WTW) | April 2023 – August 2023**
 - Collaborated with project managers and spearheaded the design, development, and implementation of an ASP.NET MVC web application, resulting in shortened project timeline.
 - Architected and implemented key software components, optimizing performance, and reducing system load times by 15%.
 - Mentored co-interns, fostering skill development, and promoting a collaborative environment.
 - Conducted code reviews, ensuring adherence to organization's coding standards and improving code quality by 25%.
 - Facilitated the adoption of Agile Scrum methodologies, resulting in improved project transparency and on-time deliveries.
 - Led daily stand-up meetings, sprint planning, sprint review, and retrospective sessions, fostering open communication and collaboration among team members.
 - Resolved impediments and roadblocks, enabling teams to maintain a steady pace of development and delivery.
 - Conducted regular retrospectives to gather feedback and drive process improvements.

EDUCATION:

- **Bachelor of Science in Information Technology | STI College Global City | 2019 – 2023**
 - Awarded as a **Magna Cum Laude** with a GWA of 1.22.
 - Top-most student performer of ICT Batch 2023.
 - Champion of Code Fest 2022 by developing mobile and web application that functions as an online queuing system to be used inside the school campus.
 - Designed, developed, and showcased an Android mobile application for IT Capstone Project 2 Exhibit SY. 2022 - 2023
- **IT in Mobile App and Web Development | STI College Global City | 2017 – 2019**
 - Achieved first place in Tagisan ng Talino 2019 Local Level under ICT category.

TECHNICAL SKILLS:
